Style Line™ Vinyl Windows & Doors

Clearly the best.
Style Line™
Windows and Patio Doors by Milgard
Look Good From Every Angle.

A LIFETIME OF SATISFACTION
AND PEACE OF MIND.

We build our windows and doors to last. With the dedication to quality that we put into building the best windows in the business, it wouldn’t make sense to back them with anything but the best warranty in the business. That’s why we back every properly installed window and door for as long as the homeowner owns their home—including materials and labor. This fully transferrable warranty applies to owner-occupied multi-family dwellings as well. Our Commercial warranty provides similar outstanding coverage for business applications. It’s why you can be sure you won’t find any windows better than Milgard.
WHY MILGARD?

Milgard was started as a family business and for over 50 years it has been our goal to be the best window company in the business. Today it still is. This dedication to quality and service has made Milgard one of the largest window and door manufacturers in the country.

A commitment to innovation has made us a leader in vinyl window technology. All Milgard products are designed and thoroughly tested for performance and dependability. For example, we use only premium vinyl compounds that reduce oxidation and fading, unlike vinyls that use substandard UV inhibitors.

Why Style Line™ Series?

• Slimmer frame profile for a contemporary look and maximum view.
• Style Line Series has virtually the same glass area as the competitor’s slimline window.
• Fusion-welded frame and sash (no staples or nails).
• Milgard® SunCoat® Low-E insulating glass standard.
• Complementary patio doors to match slimmer frame profile.
• Full Lifetime Warranty to the original homeowner including parts and labor. For complete warranty details visit milgard.com.
• Milgard Positive Action Locking system (PAL) for added security, and peace of mind.
• Style Line Series gives you design flexibility with seven premium and two standard exterior colors.

NATIONAL COVERAGE. LOCAL SERVICE.

Rather than having just one or two plants nationwide, we focus our manufacturing and service facilities near our customers. We have over a dozen manufacturing and service facilities throughout the nation. That’s coverage, and it’s just one of the many ways we’re different.

Not only do you get windows that are built near you for shorter lead and delivery times, you have one of the nation’s largest window companies nearby to service your work long after you’ve completed the job.

Milgard’s Style Line™ Series vinyl windows offer the low maintenance and energy efficiency of our Tuscany® and Montecito® vinyl series, but with a narrow, contemporary profile for maximum glass area. Perfect for when the view is everything, Style Line is an elegant, cost-effective solution for both replacement and new construction projects.

**REPLACEMENT APPLICATIONS**

With our Z-Bar frame, replacing older windows with new energy-efficient Milgard vinyl windows could not be easier. By using a portion of the existing window frame to secure your new window, our Z-Bar frames install quickly, creating a brand new look without costly stucco repairs.

**AVAILABLE COLORS**

Style Line gives you design flexibility with four premium and two standard exterior colors.

Take Style Line™ further.

There are many options available to enhance your Style Line windows beyond their standard configurations.

Energy saving options that make a noticeable difference.

All Style Line windows and patio doors can meet ENERGY STAR® qualifications and come standard with Milgard’s exclusive SunCoat® Low-E insulating glass. With an affordable upgrade to Milgard’s new 3D MAX® energy package, maximum energy performance can be achieved. To achieve the three dimensions of energy efficiency, engineers start with the highest quality vinyl, integrate the design of the window to reduce thermal transfer and then glaze the window with the best glass and warm edge spacer technology. For complete details of our window design and 3D energy packages, including our SunCoat family of glass and EdgeGard™ family of spacer technology, visit milgard.com or speak with your Milgard sales representative.

OBSCURE GLASS

To add privacy where window coverings are impractical or undesirable, we recommend obscure glass. Our obscure glass can be tempered for safety and is available in numerous styles, some of which are shown here.

With the right choices in grids, you can really make your windows and doors stand out. Your Milgard sales rep can help you choose grid options to complement your home plans. Above are just a few of many possible grid configurations.

**5/8” FLAT GRID**
Our narrower profile flat grid works equally well in traditional and contemporary homes.

**1-1/16” SCULPTURED GRID**
This grid is ideal for homes with more traditional designs.

### Sliding Patio Doors

Windows are only the beginning. With Milgard patio doors, you can complete an entire job with the quality of Milgard. Our Style Line™ series patio doors are made with the same attention to detail and commitment to quality found in every Milgard product. Your home will feel like new for a long time to come.

The Tuscany Series is the most popular for its stout construction and performance, easy operation and energy efficient design. The Style Line patio door features a narrow frame that provides an excellent value and maximum glass area. (Style Line series patio doors not available at all locations.)

Style Line™ Series – Value and Versatility

Style Line Series by Milgard offers a narrower-profile vinyl window that combines sleek, modern lines with maximum glass area. These windows are one of the most popular products for homeowners looking to upgrade existing windows because of their low maintenance, ease of installation and energy efficiency. Style Line Series is also a favorite of builders and architects of multi-family projects because of its value and design flexibility. Whether you are replacing one window in your home or installing hundreds in a new project, Style Line stands alone as the best valued window with the most premium features.

Why Milgard?

Milgard is one of the largest and most trusted names in windows and doors. For the last 50 years, we've demonstrated our commitment to innovation, quality and service.

While our coverage is extensive, our service is local. Milgard has multiple locations throughout the west and south. Our belief is that by being close to our customers, we can provide them better service. This means faster lead and delivery time, as well as faster response to any warranty situations. We’re there for you long after the job has been completed. Milgard also has a comprehensive network of qualified dealers and offers some of the best training in the industry.

AWARDS GIVE YOU ADDED ASSURANCES.

We’ve been named “Best Quality in the Nation” seven times by Builder magazine. We’ve been named the nation’s “Most Used Vinyl Window” four times by Builder magazine. Both Professional Remodeler and Professional Builder magazines have named us “Most Preferred Vinyl Window” three times.
